::FALL 2010 ART CLASSES::

::ADULTS::

These general interest workshops are suited for artists , teachers, or beginners looking to explore a new medium. Choose between shorter mini workshops or more extensive 10 hour workshops offered in encaustic, acrylic painting, collage, screen printing, brown printing, papier mache and clay wheel throwing.

Minimum 3 students - Maximum 6 students

MINI WORKSHOPS

BROWN PRINTING TECHNIQUES

This alternative photography technique allows you to print imagery on paper or fabric. Brown Printing can be done later at home with low lighting conditions and little specialized equipment. No experience is necessary.

Monday, October 4 from 6:30 to 9:30pm or

Monday, November 29 from 6:30 to 9:30pm

\$65 (plus taxes, materials included)

GUM BICHROMATE PRINTING TECHNIQUES

This class is meant to serve as an introduction to combining antique processes with 21st Century technology. Gum BiChromate process can be done at home with low lighting conditions and little specialized equipment. It's a great way for digitally based photographers to be introduced to wet processes and allows photographers with a wet-lab background to use a different method of printing that can be done in their own kitchen. No experience is necessary for this class though; everyone can enjoy this process.

Mondays, October 18 and 25 from 6:30 to 9:30pm

\$125 (plus taxes, materials included)

SCREENPRINTING – PHOTO EMULSION

Learn the fundamentals of photo screen printing techniques to develop skills in creating editions on paper or fabric including colour separation technique. Bring in design ideas on black and white transparencies.

Wednesday, December 1 from 6:30 to 9:30 pm

\$65 (plus taxes, materials included)

ENCAUSTIC: IMAGE TRANSFER

Join us for this intro workshop in encaustic painting techniques and learn how to apply molten wax and pigments to create an abstract design. Image transfer onto wax techniques will be covered through use of xerox prints onto your backgrounds. Bring your own personalized xerox images or stock images will be available for you to choose from as well.

Thursday, December 2 from 6:30 to 9:30pm

\$65 (plus taxes, materials included)

10 HOUR WORKSHOPS

CERAMICS: WHEEL THROWING

Learn the basics in wheel throwing techniques to produce cylinders with various functions. A range of decorating methods will be covered. Suitable for all levels of experience these focused workshops are limited to five students at a time.

Tuesdays, October 5, 12, 19, 26 from 7:00 to 9:30pm or

Wednesdays, November 3, 10, 17, 24 from 7:00 to 9:30pm

\$165 (plus taxes, materials included)

COLLAGE AND ACRYLIC PAINTING TECHNIQUES

This workshop looks at various mediums used in the creation of collage works and image transfers techniques. Projects incorporate the use of simple cut and paste method, photocopy transfer printing, and exploration of various painting applications including blending, glazing, scraffito, scumbling, and much more in combination with found material.

Saturday and Sunday, October 16 and 17 from 1 to 6pm or

Mondays, November 1, 8, 15, 22 from 7:00 to 9:30pm

\$165 (plus taxes, materials included)

MIXED MEDIA: ASSEMBLAGE

This workshop will introduce students to explore practices and concepts of a more contemporary approach to art-making. Students will draw upon a wide range of materials and found objects while incorporating various techniques in the fabrication of two and three dimensional works. Examples of projects include the construction of shadow boxes and sculptural assemblages. Students may personalize projects by bringing in found materials.

Tuesdays, November 2, 9, 16, 23 from 7:00 to 9:30pm

\$165 (plus taxes, materials included)

ENCAUSTIC

This workshop looks at various mediums and tools used in the creation of collage works. Techniques include the use of photocopying, transfer printing, glazing, found objects and built surfaces when combined with more traditional drawing and painting media, 2 dimensional and 3 dimensional objects.
